

**SPRINGFIELD UTILITY BOARD ("SUB")
CONSENT AND ACKNOWLEDGMENT OF SUB OWNED
TELECOMMUNICATION FACILITIES AND INFRASTRUCTURE**

BUILDING OWNER

Name: _____

Address: _____

Telephone: _____

BUILDING TENANT

Name: _____

Address: _____

Telephone: _____

SUB is in the process of arranging at SUB's expense for the construction of telecommunication facilities and infrastructure to serve your building. This facility and infrastructure includes conduit, fiber and the distribution (demark) box attached to the exterior of the building, and other accessories similar in scope or size.

Your signature provides consent for SUB's access and placement of the facilities and infrastructure on your property and building. It also provides consent for maintenance as necessary.

You are not obligated to pay for the infrastructure and facilities. It is all done at SUB's expense.

The only exception to this obligation of SUB would be if you were to deliberately or negligently destroy SUB infrastructure and facilities.

You are not obligated to use any services contained in the facilities.

Use of SUB's telecommunication infrastructure requires SUB consent. If you have questions about what third party is authorized to use SUB's infrastructure, please call Tracy Richardson at Springfield Utility Board (541) 744-3771.

I consent to SUB's installation and maintenance of telecommunications infrastructure and facility on my property and attached to my building. I consent and acknowledge that such facilities and infrastructure are the property of SUB and I make no claim of ownership of such SUB facilities and Infrastructure.
